## **2017 Alexander Kalterersee Classico Superiore**

Vintage: 2018

Grapes: Trollinger

Classification: Südtirol DOC

### **Provenance**

Our Alexander Kalterersee Classico Superiore is grown at an altitude of 350 metres, on the porphyry bedrock of a south-facing slope below the ruins of Leuchtenburg Castle – a unique location that, combined with the depth of the soil, allows us to produce an expressive Kalterersee with good shelf life.

### **Vinification and refinement**

The grapes are hand-harvested and stored in the cellar in small containers. After de-stemming and fermentation in wooden and stainless steel tanks, they are then matured on fine yeast for 7 months. 70% of the grapes mature in wooden vats, the rest in stainless steel vats.

### **Description**

2017 Alexander Kalterersee is fruity to the nose, with intense aromas of cherry and violet. With its elegant, soft tannins it offers an exquisite experience.

ABV: 13.2 %

Acidity: 4.9 g/L

Residual sugar: 0.8 g/L

Named after my son Alexander, who was born in 2017.
